

Quick Release V-Band Clamp

(European Design)

Jolly Quick Release V Band Clamps are also available as per DIN standard design. This clamp is made by using a high tensile Allen bolt with threaded barrel barrel. In this construction nut is replaced by threaded barrel and assembly need not to be disassembled for fitment. This gives comfort to the operator and saves his time of clamp fitment.

Design Type Ordering Code : **AVB**

Ordering Code	Material Grade Options
M01	Band & Petal : SS 301 / 304 Barrel
M03	Band , Petal , Trunion & Nut : SS 301 / 304 Barrel
Ordering Code	Band Width (BW)
B06	Band : 20mm max.
B14	Band : 25mm max.

* Band thickness, Diameter, Petal Geometry & Petal Orientation is customized as per requirement.
